## - twinned with supportive pocketed springs

Dunlopillo Latex Hybrid Express Mattresses all combine renowned pure Dunlopillo latex comfort layers with supportive pocket spring systems that work together, to help provide a revitalising, undisturbed and natural night's sleep.

Dunlopillo Latex is one of the most eco-friendly mattress fillings with inherent anti-allergenic, anti-bacterial and anti-microbial properties.

Dunlopillo Latex is resilient, responsive and completely noise free, the unique open cell structure of Dunlopillo Latex enables all of our mattresses to be self ventilating for the whole of their life. Through its unrivalled elasticity, our latex provides instant pressure relief and encourages a healthy blood supply to your muscles so you awake feeling refreshed and revitalised.

These mattresses are designed to deliver long lasting performance by utilising their natural resilience to hold their shape and remain durable for years to come.
